ONE CENT A WORD PER ISSUE

YOU MAY frequently find a "want ad. opportunity" really worth looking into.

A few "want ad. walks" about your neighborhood—or about the city—may be healthful and profitable to you.

Once in a while you may be "too late" or the thing offered may not quite appeal to you—but the same sort of experience awaits you in all other business affairs.

The point is: **YOU ARE PROBABLY TAKING IT FOR GRANTED THAT IT WILL NOT PAY YOU TO ANSWER WANT ADS.** Instead of doing that, **TEST THE MATTER AS FAIRLY AS YOU WOULD ANY OTHER BUSINESS PROPOSITION.**

And—which is important—do not wait until "some time" to **BEGIN THE EXPERIMENT.**

IMPORTANCE OF SMALL THINGS

A great battle was once lost from the lack of a horse-shoe nail. Terrible railroad wrecks have been caused by a timepiece being a little slow. Most all watches have a dozen or more screws in the balance wheel to give the proper weight. Sometimes a screw will work loose. Then your watch will lose time until the screw drops out, when it will go too fast. I make a specialty of repairing, adjusting and regulating watches. The best advertising I do is to please my customers.
